Supplemental Notice of Technical Conference; Old Dominion Electric Cooperative v. PJM Interconnection, L.L.C.; Advanced Energy Management Alliance v. PJM Interconnection, L.L.C.

On February 23, 2018, the Commission issued an order (February Order) directing Commission staff to convene a technical conference in these proceedings.¹ Pursuant to the February Order, on March 16, 2018, a notice was issued soliciting responses to a list of questions in the above referenced proceedings.² The technical conference is scheduled for April 24, 2018, at the Commission's headquarters at 888 First Street, NE, Washington, DC 20426 between 9:30 am and 4:15 pm (EDT).

In the February Order, the Commission found that the issues presented in the above captioned proceedings raise a number of issues related to the PJM capacity market that warrant further examination. Accordingly, the Commission established a technical conference to explore these issues. The purpose of the conference is to obtain further information concerning the above referenced proceedings.

A revised agenda with an updated list of selected speakers is attached and will be available on the web calendar on the Commission's website, www.ferc.gov. A schedule for post-technical conference comments will be established following the technical conference.

The conference will be open for the public to attend. Advanced registration is not required but is highly encouraged. Attendees may register at the following webpage: <http://www.ferc.gov/whats-new/registration/04-24-18-form.asp>.
